<b>Objectives and activities for current year</b>	Participate in the discussion of PNLA goal setting and strategies.	<ol style="list-style-type: none"> <li>1. Fall '09 - Menucha Retreat</li> <li>2. <b>Progress on goals and objectives</b>	<ol style="list-style-type: none"> <li>1. PNLA strategies: in discussion.</li> <li>2. Current state YRCA Representative: Rebecca Cohen/Newport.</li> </ol>	<ol style="list-style-type: none"> <li>1. Our Fall '09 Menucha Retreat went very well. We had a great turn out and we discussed some of the implications that technology is having upon the traditional catalog/OPAC. Kristin Antelman from North Carolina State University shared how North Carolina State moved from their prior catalog and created their own catalog. Tim Daniels from Georgia PINES shared how Georgia has done something similar. Terry Reese from our own Oregon State shared what is happening locally with Orbis-Cascade. We also had three individuals lead a panel discussion regarding the impact WorldCat local has had up at UW. It was a great time of sharing thoughts and ideas of what can happen.</li> <li>2. We created a new position of Legislative Liaison. Our first position will be appointed for 2009-11. Our intention of creating this position was simply to allow us as a board to stay more in touch with what is happening at both the state and national level and is impacting higher education. We feel that this awareness will help us function better as a board and allow us to be more aware of what is happening at the level and thus how we can better serve Oregon's community of academic librarians.</li> <li>3. We launched our first ACRL-OR Award for excellence late this summer. Had a handful of applications and recognized a great project. More details on the winner of this award will go out later in August.</li> <li>4. We launched two surveys this spring: one to individuals who are members of ACRL-national, live/work in Oregon, but are not members of ACRL-Oregon; and another one to members of ACRL-Oregon. The non-member survey was very eye-opening and brought about some discussion by the board that will bring about change in what we offer our membership and how we serve them. The feedback we got was incredibly helpful and we hope to take action on it later this fall.</li> </ol>

<b>Overall Goals &amp; Responsibilities</b>	Gather items of interest for bi-monthly OLA Hotline; send items to Web Manager; post Hotline to OLA Hotline Blog	Plan, coordinate, and operate the 2009 annual OLA conference in Salem
<b>Objectives and activities for current year</b>	Add committee members; seek new types of info to add to the Hotline	<ol style="list-style-type: none"> <li>1. <b>Progress on goals and objectives</b>	Names were given for potential committee members and were contacted. Did not hear back. Addition of "welcome wagon" entries to Hotline. I have also been pulling relevant items from the ALA press releases I receive.	<ol style="list-style-type: none"> <li>1. Profit not yet finalized, but at least \$35,400 (may be slightly higher)</li> </ol>
<b>Comments</b>	<p>Am curious about the future of the Hotline Blog. Is it effective? Are there large numbers of OLA users who would rather read the Hotline in a blog vs. a MemberClicks email? Is its purpose to make OLA activities more available to the general public? If so, where else is the blog being advertised, etc.</p> <p>I'm assuming I'll be in this role for another year..? If so, I wouldn't mind discussing with Steph about the possibility of me being the person to also send the Hotline through Memberclicks, I'd just need a little training on how to do so.</p>	<p>The conference was very successful. We ran a low-paper conference and had mostly positive comments on this decision. Most feedback was positive. Given the economic circumstances, the attendance and profit were quite good.</p> <p>The 2009 conference chair is working with chairs from 2007, 2008, and 2011 to create a revised, comprehensive manual for future conferences.</p>

<b>Overall Goals &amp; Responsibilities</b>	Management of the MLS Scholarship Program (a component of the HAS committee). Chair is the liaison to the OLA Executive Board, HAS Committee, Oregon Student Assistance Commission (OLA contracts with OSAC to manage the application process), Past Presidents scholarship fundraising group, and the OLA Scholarship Selection Committee.	<ol style="list-style-type: none"> <li>1. To aid development of OLA's position on intellectual freedom, interpret it to the public, and act in support of this position.</li> <li>2. To inform membership of pending legislation, present recommendations, and tender OLA's support of such legislation.</li> <li>3. To promote development by libraries of a selection policy.</li> <li>4. To determine facts in cases of public controversy over censorship, develop a statement of OLA's position, and present OLA's position to all interested parties.</li> <li>5. To develop liaison with other statewide organizations interested in intellectual freedom.</li> </ol>
<b>Objectives and activities for current year</b>	Managed current LSTA grant. Submitted LSTA grant to fund scholarships for the next academic year, 2010-2011. Attracted 35 scholarship applications through extensive publicity statewide and to students & faculty at the preferred MLS programs at the University of Washington iSchool, and Emporia's SLIM program. Applications are submitted online to the OSAC; chair works with OSAC staff to make sure applicants supply requested information & essays, and conform to OLA's scholarship eligibility rules. Chair coordinated distribution of copies of 18 eligible applications to the Scholarship Selection Committee, which met June 3, 2009 to review applications. 12 MLS students were awarded scholarships ranging from \$590 to \$2,000. Chair completed forms required by the OSAC to release funds to recipients' financial aid offices, after receiving approval from the OLA Executive Board on June 5.	<ol style="list-style-type: none"> <li>1. Update Intellectual Freedom Toolkit</li> <li>2. Distribute Internet Filtering survey</li> </ol>
<b>Progress on goals and objectives</b>	The long-term goal is improve the quality of library staffs in Oregon libraries to improve service library patrons. The annual objectives in planning, writing and submitting the LSTA grants, soliciting scholarship application submissions, fundraising at the OLA conference (by the Past Presidents Group), and awarding scholarships in June all were completed in a timely manner.	<ol style="list-style-type: none"> <li>1. During the course of discussing revisions on the Intellectual Freedom Toolkit, the committee decided that the current format was inadequate and that the information contained in the toolkit would need to be repackaged in order to bring it up to date and to make it more useful and accessible to potential users. Given the extensive nature of this undertaking, the committee agreed to make the toolkit a top priority for the new term beginning in August of 2009.</li> <li>2. In October and November 2008, IFC members contacted approximately 122 public library directors throughout the state and distributed copies of an updated Internet Filtering Survey to them via email. Out of that original number, the committee received completed questionnaires from 107 respondents. A more summary of the survey's main points will be available at the Silver Falls retreat.</li> </ol>
<b>Comments</b>	The Past Presidents groups did a great job of fundraising at the conference. Susan Madden, a vendor from Washington, gave the proceeds from her vendor both to the scholarship donation fund, \$550. Donations are received monthly from OLA members via OLAWEB's renewal form. Funds raised from those sources are held by OLA as endowment funds for the scholarship program.	In July of this year, the SIRS/ProQuest Award Committee of the Intellectual Freedom Round Table (IFRT) presented the Intellectual Freedom Committee, the Oregon Association of School Libraries Intellectual Freedom Committee, and the ACLU of Oregon with the 2009 SIRS/ProQuest State and Regional Achievement Award, in recognition of our combined efforts at increasing involvement in and awareness of Banned Books Week. The award, given during ALA's Annual Conference in Chicago, included a citation and a \$1000 honorarium, courtesy of SIRS/ProQuest.

<b>Overall Goals &amp; Responsibilities</b>	To gather and publish bibliographic entries for the 2008 for publication as well as present two-minute reviews at the OLA Conference. Now, to maintain the Oregon Authors website. To maintain the Oregon Authors Bibliography 2008 to the present at the Oreg	To coordinate and manage the production of OLA's official journal, the OLA Quarterly (OLAQ).
<b>Objectives and activities for current year</b>	To Maintain the Oregon Authors website and to continue to add 2009 authors as well as edit entries made by the public and the database in its entirety.	1) To produce four issues as scheduled. 2) To follow-up on full text inclusion in EBSCOhost databases.
<b>Progress on goals and objectives</b>	The committee members have been trained regarding how to make entries on the website. Marketing the website will be explored in the near future. Our session at PLA 2010 will include 2-minute reviews for Oregon and Washington authors as well as an overview of the Oregon Authors website.	1) The four OLAQ issues published in this 08-09 year were: <ul style="list-style-type: none"> <li>• 15.2 Summer 2009   President s Conference Issue   Mary Ginnane</li> <li>• 15.1 Spring 2009   Library Catalogs and Other Discovery Tools   Laura Zeigen and Janet Crum</li> <li>• 4.4 Winter 2008   Emergency and Disaster Preparedness and Response   Shawna Gandy, Kris Kern, Judith Norton, and Alex Toth</li> <li>• 14.3 Fall 2008   Professional Development   Stephanie Miller and Abigail Elder</li> </ul> 2) Status of OLA Quarterly full text through commercial providers: ,EBSCOhost Update Ebsco Publishing is making the OLA Quarterly available in the Library, Information Science & Technology Full Text database. We supplied them with PDFs for the full run, but they only have made 2007 to present available as full text. They are choosing to concentrate on recent years first. In Spring 2009 we contacted them and encouraged them to provide deeper access for OLAQ and offered to resend PDFs if they did not receive them in the FTP upload from Spring 2008. They are discussing. No royalty payments received this year. 3) We also discovered that the full text of the OLA Quarterly is available in the HW Wilson Library Literature & Information Science Full Text database. Upon contacting their licensing department for more details, we found that OLA did sign a contract for full text provision with them in 1998. We were also able to supply them with PDFs for the issues they were missing, so a full run will be available in that database. OLA has been receiving royalty payments annually (in April) from HW Wilson. John McCulley checked and amounts for last few years have been: <ul style="list-style-type: none"> <li>• 2009 - \$235.41</li> <li>• 2008 - \$213.98</li> <li>• 2007 - \$231.59</li> </ul>
<b>Comments</b>	Since the OLA Board has agreed to transfer the remainder fund from ORegon Reads to Oregon Authors. The Committee would like to allocate some of these funds to marketing the Oregon Authors website.	In this FY we had two issues that cost an additional \$500 each. The Fall 2008 issue exceeded the maximum length but this was known in advance and the OLA President and Treasurer were consulted and gave approval to go forward. The Spring 2009 issue was unexpectedly long and required more time invested by the Designer which resulted in the higher cost.  In April 2009, the OLA President raised the idea of exploring an online-only version of OLAQ starting with the President s Issue. A report about this, which included a financial summary of each format option, was presented by the Publications Chair at the June OLA Board meeting. The resulting discussion was to go ahead and use the Summer issue as a test . A MemberClicks-based survey assessing the membership s opinion on the change will go out with the email notification when the issue is available on the OLA website. Survey results will be summarized and presented at August OLA Board meeting.

OLA unit	HOLA Project	NW Central Liaison
<b>Name</b>	Linda Lybecker	Maureen Cole
<b>Work or Primary Email</b>	lindal@ci.hillsboro.or.us	maureen.t.cole@ci.eugene.or.us
<b>Overall Goals &amp; Responsibilities</b>	The primary goal of the HOLA Project is to provide staff from small, rural libraries funding to enable them to participate in professional development and networking opportunities to get information, resources, and ideas to improve their library.	My responsibility is to work with NWCentral as the continuing education arm of OLA.
<b>Objectives and activities for current year</b>	The HOLA Task Force identified 70 libraries that met the requirement of serving a population of 10,000 or less. These libraries were e-mailed and mailed the grant description and application for funding to attend the annual OLA conference held this year in Salem.	In this last year, our goals were to increase our presence at regional state conferences, i.e. to be the one web site that all conference materials were posted to. Another goal was to increase the geographic range of our board. Another goal was to improve our web site.
<b>Progress on goals and objectives</b>	Staff from ten small libraries received grants to cover full expenses to attend the OLA annual conference.	We made wonderful progress this year in becoming more of a presence at the regional state conferences, particularly Oregon. I contacted conference chair, Robert Hulshof-Schmidt early in the planning process. Since the conference committee wanted to be as green as possible, encouraging conference presenters to pre-post their would-be paper handouts eliminated lots of printed and made these materials available earlier and to more people. We also had some success in Washington. As far as adding more people in a broader geographic range, we were able to do that (I think!). One of our biggest successes was launching our newly designed web site, made possible through LSTA grant funds and hosted and supported at PCC. Its new look has drawn a lot of attention and support.
<b>Comments</b>	This is the second year of the grant funded project.	This is my last year in this position and I go off the Board in September. I want to thank the Board for creating this position-its been lots of fun. Without Roberta Richards and the support of PCC, NWCentral would be nowhere and OLA has them to thank for the success of this web site. They carry the financial burder of this web site, although some grant funds have been involved. It makes sense because of the relationship to Portals, however, I think that OLA and/or the State Library should consider their financial role carefully. Also there are other relationships to explore and the next liaison will want to be sure that ongoing exploration of other continuing education entities and other regional parties occurs.
