MEETING: The ACRL Oregon Chapter has been invited to meet with the Oregon State University Library and Academic Faculty for a special seminar on "Library-Academic Faculty Interaction--The Liaison Function". Mrs. Delgado is well-known in course-related bibliographic instruction and has extensive experience in the library-faculty interaction. She has been Project Librarian for the MEM-CLE College Library Program at Eastern Michigan University during the past few years. Funding for Mrs. Delgado's participation is provided by the CLE Library Services Enhancement Program at OSU. The seminar will include a panel discussion of viewpoints and perspectives from OSU librarians and academic faculty members. It is intended that specific problems and attitudes in this vital interaction between library and academic community will be defined and solutions suggested.
