MORE WHERE THAT CAME FROM: In view of the response to this new program, the Council on Library Resources is continuing funding. The aim is for a designated project librarian to explore with faculty, students and administrators ways of integrating the library more fully with the teaching/learning process. The grant pays the salary and benefits of the librarians.

APPLY: Applications for the 1977/78 Library Service Enhancement Program may be obtained by sending a self-addressed \$10 envelope and mailing label to the program, care of the Council on Library Resources, One Dupont Circle, N.W. Suite 620, Wash. D. C. 20036

CARD CATALOG USERS TALK BACK Users of the Subject Catalog sometimes find themselves in a blind alley. They are not aware of the terminology used by LC Subject Headings List. One typical example: There is no cross reference from "kibbutz" to "Collective settlements--Israel." At the University of California, Berkeley, frustrated users can now make comments and suggestions through a SUBJECT SUGGESTION BOX. This experiment in public communication is being implemented by General Reference Services in coordination with the Cataloging Dept. The GRS staff screens suggestions and passes the suggestions onto the catalogers for consideration. When no action is taken, the reasons are given to the user. A file of suggestions and the library's response is kept at the General Reference Desk.
