

ACRL-OR Chapter meeting.  
October 28, 2004

Susan welcomed everyone. Sarah talked a bit about Legislative Day in Washington DC January 2004. Great opportunity to be heard. Oregon delegation well-prepared.

A library school student asked about Internship opportunities in Oregon. Someone suggested encouraging libraries to contact University of Washington where they have a list of internships for their students. Maybe something more could happen at a statewide level – perhaps Portals could do something. Nancy Hoover will bring this to the next Portals meeting. Maybe Portals can consider a mentor program for Oregon. The College Job Fair in April was also mentioned as a place to go to find Internships and Jobs in Oregon.

Susan mentioned opportunities to get involved in ACRL-OR including OLA programs and volunteering to be on an OLA committee.

Meeting adjourned for party.

Respectfully submitted,

Barbara Valentine
